Dear all,

Re: **Financial Appeal for charter of Planes.**

As many of you may be aware, at this period of the year, Holy Trinity Peace village-Kuron, face many challenges while delivering the much-needed services to the people of God. The major challenge is the road transport from the main supply route of Narus to Kuron and beyond. The road to the Peace village have many rivers, streams and swamps which pose serious challenges to our trucks and as of now, many of these rivers have overflow their banks, and others are impassable due to the recent torrential rains. The most recent incident was when the flooding river took away our footbridge.

Despite these challenges, we have to continue to deliver the much-needed services to the local people; we have to deliver medicines in order to respond to epidemics and every day health care needs of the people. We need food and other necessary supplies for the people working on the ground, and at the same time coordinate our activities with government and other development partners in order for us to meet our objective.

We are appealing to all of you for financial support to with funds amounting to US Dollars Seven thousand only (US \$ 7,000) enable us to charter planes from Juba, Torit, or Lokichogio and other areas so that we can get our activities moving. We need this support to enable us to charter planes to help us deliver the needed items and transport our staffs during the difficult period of this year up the end of October 2011.

Donation for this appeal can be deposited in the following bank accounts,
