

THE PEACE OF THE RISEN LORD BE WITH YOU ALL

Dear Friends,

During the Forty Days of Lent in the year 2020, I and the whole community of Holy Trinity Peace Village had you in our hearts and prayers.

We give gratitude to God for blessing us with the first secondary school in Holy Trinity Peace Village Kuron.

Blessing of the foundation by Bishop Emeritus Paride Taban

Ground breaking of the foundation by the Deputy Governor Kapoeta State

We thank God and the effort of Pope Francis of uniting the leaders of south Sudan, which is miraculously bearing fruit of building the government of National unity, may this come to completion to bring peace with justice for south Sudan.

In this year, especially after getting the sad news of the Corona virus Pandemic, the whole worlds including us in the Peace Village were surprised. Some people asked, 'what does God want from human being? Others thought the end of world is coming at hand. Some prayed, 'God forgive us for we have sinned.

I personally think God wants to draw us closer to Him and closer to one another. I think of the time of our ancestors when they sinned and how God tested them, finally showed His Devine Love by sending our Saviour, Jesus Christ. Today the thought of the world is love for one another because of Corona virus Pandemic, the whole world is thinking of assisting their neighbours, no nation is thinking of war and violence. I think of how and when I will visit my friends.

Holy Trinity Peace Village is an Oasis, isolated from towns and neighbouring countries, although we expect that we are isolated and saved from the Corona virus, we made the community aware because no human being is an Island and we pray daily for our Holy Father, Pope Francis, for all our donors, partners, Church and Country leaders, friends, relatives and for ourselves. .Let us be united in prayers and continue to communicate through the media.

Hope to meet soon,

Happy Easter, 12 April 2020

+ Paride Taban
